

Standard Limited Warranty vs. Preferred Protection Roofing System Limited Warranty

When making an important investment in your home like installing a new roof, you should understand the warranty protection that comes with it.

Compare the coverage

	Standard Warranty Coverage	Preferred Protection Warranty Coverage
Tru PROtection® Period	Material, labor	Material, labor, tear-off, disposal
Prorated Period	Material	Material, labor
Roofing System	Not required	Required
Transfer	One-time	One-time
Length (Non-Prorated)	5-10 years	15-50 years
Roof Deck	Shingle-over	Clean deck required

Preferred Protection Roofing System Limited Warranty

Build more protection into your new roof.

Preferred Protection Roofing System Limited Warranty

Build more protection into your new roof.

Protect your investment

A healthy roof consists of many parts. With the Owens Corning Roofing & Asphalt, LLC (“Owens Corning”) Preferred Protection Roofing System Limited Warranty,* every component—not just the shingles—of your Owens Corning™ Roofing System is covered by an extended warranty. It’s a smart way to ensure your investment is protected for years to come.

Peace of mind

Standard warranties have a very limited “non-prorated” period where there is 100% coverage for both material defects and labor to repair or replace them. With the Preferred Protection Roofing System Limited Warranty, you can rest easy knowing you have this extra coverage for a longer period of time.

Performance

It takes more than shingles to create a high-performance roof—it takes a system of products designed to work together. Owens Corning™ Roofing Essentials™ Accessory Products are engineered to work with our shingles to provide maximum performance and durability. Check out the diagram at right to see the complete Owens Corning™ Roofing System.

Coverage

The Preferred Protection Roofing System Limited Warranty provides 100% coverage for both material defects and the labor to repair or replace them, including tear-off and disposal. Additionally, most *Roofing Essentials* Accessory Products take on the warranty of the shingle installed**—in many cases this extends their warranty period.

One-time transfer*

Whether you’re staying in your home for years to come or plan to sell, the Preferred Protection Roofing System Limited Warranty is an excellent investment. If you’re planning to sell, you can transfer the warranty once anytime during the life of the warranty, making it highly desirable to future home buyers.

Requirements

To be eligible for the Preferred Protection Roofing System Limited Warranty, you must purchase and install Owens Corning™ shingles and at least three Owens Corning™ *Roofing Essentials* Accessory Products listed to the right. You must also meet the following requirements:

- An Owens Corning™ Preferred Contractor must install your new Owens Corning™ Roofing System and adhere to local building codes
- Your roofing system must be installed over a clean roofing deck and not over existing shingles or other roofing materials
- You must use a No. 15 or No. 30 asphalt-saturated felt, Owens Corning™ Fiberglas™ Reinforced Felt or Owens Corning™ Deck Defense™ Underlayment

Owens Corning™ Roofing Essentials™ Accessory Products

- a** VentSure® Ventilation Products
- b** Owens Corning™ Hip & Ridge Shingles
- c** Owens Corning™ Underlayment Products
- d** WeatherLock® Self-Sealing Ice & Water Barrier Products
- e** Owens Corning™ Starter Shingle Products

Optional

The following products play an important role in having a healthy roof and are highly recommended. However, since they are optional, they do not count toward the minimum requirement of four Owens Corning™ roofing products.

- f** PINK® Fiberglas™ Blown-In Insulation
- g** RapidFlow® Gutter Drainage Protection
- h** Undereave Ventilation Products
